Advanced Trauma Life Support India Program

ATLS India

Under aegis of Indian Society for Trauma and Acute Care (ISTAC) New Delhi, India

Registered u/s 19 of S R Act 1864 No. S/60707/2007

The American College of Surgeons and its Committee on Trauma have developed the Advanced Trauma Life Support® (ATLS)® program for doctors. This program provides systemic and concise training for the early care of Trauma patients. The ATLS program provides participants with a safe, reliable method for immediate management of injured patient and the basic knowledge necessary to:

- Asses the patient's condition rapidly and accurately.
- Resuscitate and stabilize the patient according to priority.
- Determine if the patient's needs exceed a facility's capacity.
- Arrange appropriately for the patient's inter hospital transfer.
- Assure that optimum care is provided and that the level of care does not deteriorate at any point during the evaluation, resuscitation or transfer process.

ATLS® India course provides a scaffold for evaluation, treatment, education & quality assurance. ATLS® India is a measurable, reproducible & comprehensive system of trauma care.
